The following are **terms of participation** in the ACE05 Evaluation:

- On receiving the evaluation data the registered site will process the entire test set for each evaluation task checked below, in accordance with the ACE05 Evaluation Plan (<http://www.nist.gov/speech/ace/ace05/doc>), and return the system output files to NIST within **24 hours after receiving the data**.
 - The Arabic evaluation test set will be distributed on November 7th, 2005.
 - The Chinese evaluation test set will be distributed on November 8th, 2005.
 - The English evaluation test set will be distributed on November 9th, 2005.
- Each site will be required to write a system description paper describing the system(s) evaluated. These papers will be due at NIST **November 30th, 2005**, and will be made available to all participants.
- The registered site understands that they are required to be represented at the follow-up Evaluation Workshop to be held in the Baltimore/Washington DC area during **December 15-16th, 2005**. Representative must be prepared to openly discuss all aspects of the system(s) evaluated.
 - Participants will be selected to give either an oral presentation or a poster session talk.
- The registered site understands that the evaluation data is protected and cannot be redistributed.
- The registered site understands that following the evaluation workshop NIST will post on the web a summary report identifying all ACE participants and the value scores achieved on the various tasks and conditions.
 - The registered site agrees to not publicly compare its results with the results of other participants, but they are free to reference the NIST summary report when publishing their own results.

NIST serves to coordinate the ACE evaluations. These tests are designed for local implementation by each participant. Only their results are returned to NIST for scoring. The reported results are not to be construed, or represented, as endorsement of any participant's system, or as official findings on the part of NIST or the U.S. Government.
