- Non-LDC members must sign the LDC's SRE08 License Agreement before receiving the evaluation data. See: <http://www.nist.gov/speech/tests/sre/2008/index.html>
- On receiving the evaluation data (**April 7, 2008**), the registered site will process the entire test set in accordance with the SRE08 evaluation plan (http://www.nist.gov/speech/tests/sre/2008/sre08_evalplan_release1.pdf), and return the system output files to NIST by the end of the evaluation period (**May 1, 2008**).
- The site agrees to be represented at the Speaker Recognition Evaluation workshop to be held in Montreal, Canada **June 17-18, 2008** and to openly discuss its evaluation system(s) and results.
- The site understands that, although the evaluation is open to all wishing to participate, the workshop is open only to representatives of the registered participants and supporting government agencies, and the distribution of the workshop materials is limited to the attendees of the workshop.
- The evaluation data is protected and cannot be redistributed.
- In reporting and comparing its results with the results of other sites, the site agrees to follow rules specified in the SRE08 evaluation plan. Sites are free to do what they wish with their own presentation, but may neither redistribute nor publish presentations from another site without that site's explicit permission.

NIST serves to coordinate the Speaker Recognition evaluations. These tests are designed for local implementation by each participant. Only their results are returned to NIST for scoring. The reported results are not to be construed, or represented, as endorsement of any participant's system, or as official findings on the part of NIST or the U.S. Government.
