The following are terms of participation in the 2004 NIST Speaker Recognition Evaluation:

- On receiving the evaluation data, the registered site will process the entire test set in accordance
  with the evaluation plan, and return the system output files to NIST by the end of the evaluation
  period, April 22nd, 2004.

- The site agrees to be represented at the Speaker Recognition Evaluation workshop to be held in
  Toledo Spain, on June 3rd-4th, 2004, and to openly discuss the evaluation system used.

- The site understands that, although the evaluation is open to all wishing to participate, results are
  only discussed within the group of registered participants and representatives of supporting
  government agencies.

- The site agrees to not publicly compare its results with the results of other participants. Sites are
  free to do what they wish with their own results, but may neither redistribute nor publish results
  from another site without that site’s explicit permission.

NIST serves to coordinate the Speaker Recognition evaluations. These tests are designed for local
implementation by each participant. Only their results are returned to NIST for scoring. The reported
results are not to be construed, or represented, as endorsement of any participant’s system, or as official
findings on the part of NIST or the U.S. Government.
